

# SUMMER CAMPS

## Salzburg, AUSTRIA 2022

Not ready to spend a few weeks in England or Ireland? Come to **Salzburg** instead! Once again, despite taking European students to Cambridge, we've decided to offer our overnight, full immersion program as a warm-up for the coming school year. **Herz Jesu Gymnasium's** large classrooms, modern dormitories (double or triple rooms), sport facilities and beautiful gardens will be our **home away from home**. Easily found from the Autobahn, we are a 5-min walk from Europark and a lovely bike ride to various destinations throughout the city. This year we are limiting the number of students to **30 per week** and will divide these pupils into teaching groups of **7 or 8 at the most**. Each group will have **3 normal lessons per day**, as well as **instructed project work after lunch**. Topics, chosen by two or three students who will embark on **fieldwork activities** together, will be presented each Thursday resulting in **22,5 hours of instruction per week**. In addition, we have organised **leisure activities every afternoon and evening**. At the weekends, we have a variety of **organised excursions**. All activities and excursions are included, as well as full board accommodation and tuition. **Age 10 - 18 years (students preparing for Abitur + Matura exams welcome)**

English Institute was **founded in 1980** and has been **organising summer courses abroad since 1981!**
