Mitigation of Risks

The procedures in place to mitigate the risks outlined above are as follows:

This policy includes the provision to each participant of:

- A copy of our Child Safeguarding Statement to all staff

- Details of our Reporting Policy and Training Policy in relation to child safeguarding
- A central register of disclosures under our Child Protection Policy will be maintained

Procedures

Our Child Safeguarding Statement has been developed according to the requirements under the Children First Act of 2015 and Children First: National Guidance for the Protection and Welfare of Children (2017). In addition to the procedures listed in our risk assessment, the following procedures support our intention to keep children and young people safe while they are under our supervision:

- Procedure for the management of allegations of abuse or misconduct against workers/volunteers of a child/young person
- Complaints policy/procedures
- Disciplinary/appeals procedures
- Procedures for trips away/residentials
- Health and safety policy and procedures
- Policy on informing parents
- Guidelines on dealing with disruptive behaviour

Reporting Structure

We have assigned a Designated Liason Person (DLP) and Deputy Designated Liason Person (Deputy DLP) in keeping with best practice in child safeguarding according to the Children First Act. They are the contact persons for any child protection concerns and are responsible for ensuring that reporting procedures within the organisation are followed, so that child welfare and protection concerns are referred promptly to the responsible authorities.
